

QUALITY CHILD CARE

YOUR CHILD'S EARLY EDUCATION
MATTERS!

90% of brain development happens in the first **5** years of your child's life

Quality educational experiences help brain development

Make sure your child's early education provides quality experiences

QUALITY CHILD CARE

SOME THINGS TO LOOK FOR IN QUALITY CHILD CARE:

☑ Lots of smiling, talking, reading, and playing

☑ Time and space to paint, draw, use play-doh, dress-up, and play outside

☑ Teachers using calm voices and actively involved with children

☑ Licensed providers
